

Model 2010-1

15 Years
Warranties Corrosion Resistance

Robust and elegant Large Volume

Horizontal, space-saving letterboxes. With an elegant simple design and a large choice of finishes, our model 2010-1 is the solution for equipping your lobby with high quality letterboxes. To adapt to the number of occupants and your architectural constraints, the 2010-1 series is available in different configurations suitable for indoor or outdoor use.

Advantages

- ✓ Modular construction with concealed hinges contribute not only to ergonomics but also to the robustness of the letterbox system.
- ✓ No welding processes, as a measure for high resistance to corrosion and long-lasting use of the letterbox system.
- ✓ Various numbering options
